CITY OF ROGERS CITY SITE PLAN REVIEW APPLICATION

Section 4: Items to Submit & Review Process

~ A PRE-APPLICATION CONFERENCE WITH CITY STAFF IS HIGHLY ENCOURAGED BUT NOT REQUIRED~

Development projects over \$350,000 in value:

1. 3 copies of the site plan shall initially be submitted. Please use and submit the site plan checklist contained within this application packet.
2. Once the site plan has been determined to be complete, staff will perform a 15-day staff-level site plan review.
3. After the staff-level site plan review, please submit 12 copies at least 15 days prior to the Planning Commission meeting at which the site plan will be reviewed.
4. If the use is also a Special Use, please submit 12 copies at least 30 days prior to the Planning Commission meeting at which the site plan will be reviewed. Please submit Special Use application.

Development projects \$350,000 or less in value: Please use the site plan checklist contained within this application packet. However, the City Planner may accept a site plan with only the information contained in Section 32-222 of the Zoning Ordinance.

1. 2 copies of the site plan shall be submitted to the City. The City Planner has the authority to review and approve these projects.

Section 5: Site Plan Review Standards

Site plans are reviewed based on the following standards. Please indicate in the space provided how the proposed project meets each standard.

- A. **COMPLIANCE WITH DISTRICT REQUIREMENTS:** The site plan shall comply with the district requirements for minimum floor space, height of building, lot size, yard space, density, and all other requirements as set forth in the Zoning Ordinance, unless otherwise provided.

- B. **PUBLIC WELFARE AND ADJOINING PROPERTIES:** The uses proposed will not adversely affect the public health, safety, or welfare. Uses and structures located on the site shall take into account the size of the property, uses on the adjoining property and the relationship and size of buildings to the site. The site shall be developed so as not to impede the normal, orderly, and reasonable development or improvement of surrounding property, for uses permitted in this Ordinance nor to diminish the value thereof and will be harmonious in use, appearance, and layout with existing and planned future uses in the immediate area.

**CITY OF ROGERS CITY
SITE PLAN REVIEW APPLICATION**

- C. **LIGHT, AIR, AND ACCESS:** The location, size, and height of the building, walls, and fences shall be such that there is adequate open space so as to provide light, air, and access to the persons occupying the building and that there will be no interference with adequate light, air, and access to adjacent lands.

- D. **TOPOGRAPHY AND NATURAL LANDSCAPE:** All elements of the site plan shall be designed so that there is a limited amount of change in the overall natural contours of the site and shall minimize reshaping in favor of elements that respect existing features of the site in relation to topography. The landscape shall be preserved in its natural state, insofar as practical, by minimizing tree and soil removal and by topographic modifications which result in smooth natural appearing slopes as opposed to abrupt changes in grade between the project and adjacent areas.

- E. **DRAINAGE:** Provisions shall be made to accommodate stormwater according to §32-38.

- F. **PRIVACY:** The site plan shall provide reasonable visual and sound privacy for all dwelling units located therein. Fences, walls, barriers, and landscaping shall be used, as appropriate, for the protection and enhancement of property and for the privacy of its occupants.

- G. **EMERGENCY VEHICLE ACCESS:** All buildings or groups of buildings shall be so arranged as to permit emergency vehicle access by some practical means to all sides.

- H. **VEHICULAR AND PEDESTRIAN CIRCULATION:** Safe, convenient, uncontested, and well-defined vehicular and pedestrian circulation shall be provided for ingress/egress points and within the site. A pedestrian circulation system shall be provided and shall be as insulated as completely as reasonably possible from the vehicular circulation system. Drives, streets, and other circulation routes shall be designed to promote safe and efficient traffic operations within the site and at ingress/egress points. The arrangement of public or common ways for vehicular and pedestrian circulation shall respect the pattern of existing or planned streets and pedestrian or bicycle pathways in the area. Streets and drives which are part of an existing or planned street pattern which serves the project area shall be capable of safely and effectively accommodating the traffic volume and pattern proposed by the project. Where possible, shared commercial access drives shall be encouraged.

CITY OF ROGERS CITY
SITE PLAN REVIEW APPLICATION

I. **FIRE AND SAFETY:** The vehicular transportation system shall provide for circulation throughout the site and for efficient ingress and egress to all parts of the site by fire and safety equipment. Fire protection measures shall be provided as deemed necessary by the Fire Chief in conformance with all applicable laws of the State of Michigan for the protection of residents and/or occupants of the structures.

J. **ACCESS:** Every structure or dwelling unit shall have access to a public street, private road, walkway, or other area dedicated to common use.

K. **LOADING AND STORAGE:** All loading and unloading areas and outside storage areas, including areas for the storage of trash, which face or are visible from residential districts or public thoroughfares, shall be screened by a vertical screen consisting of structural or plant materials of sufficient height to obscure the direct view from adjacent first floor elevations. The site plan shall provide for adequate storage space for the use therein.

L. **SNOW STORAGE:** Proper snow storage areas shall be provided so to not adversely affect neighboring properties, vehicular and pedestrian clear vision, and parking area capacity.

M. **EXTERIOR LIGHTING:** Exterior lighting shall be arranged so that it is deflected away from adjacent properties and so that it does not interfere with the vision of motorists along adjacent streets. Lighting of building or structures shall be minimized to reduce light pollution. Lighting standards contained in §32-40 shall be adhered to.

N. **UTILITIES:** All utility services shall be provided in a manner least harmful to surrounding properties. All utilities shall be located underground, as applicable, unless specifically waived by the Planning Commission.

CITY OF ROGERS CITY SITE PLAN REVIEW APPLICATION

- O. **GROUNDWATER PROTECTION:** Groundwater protection standards found in §32-46 shall be adhered to, if applicable.

- P. **COMPLIANCE WITH OTHER STATUTES AND REGULATIONS:** Site plans shall conform to all applicable requirements of State and Federal statutes and approval may be conditioned on the applicant receiving necessary State and Federal permits before the actual zoning permit is granted.

Section 6: Impact Statement

Please include the requested information in the space provided:

- A. A complete description of the proposed development including: areas of the site, the number of lots or units, and the number and characteristics of the population impact such as density, as it relates to elderly persons, school children, tourists, family size, income, and related information as applicable.

- B. Expected demands on community services and how these services are to be provided, to specifically include: school classroom needs, volume of water consumption related to ground water reserves, change in traffic volume on adjacent streets, and other factors that may apply to the particular development.

CITY OF ROGERS CITY SITE PLAN REVIEW APPLICATION

- C. Statements relative to the impact of the proposed development on soil erosion, drainage patterns, shoreline protection, wildlife habitat, air pollution, water pollution (ground and surface), noise pollution, and the aesthetics and scale of development in terms of the surrounding environment. Statement of the impact of the development with respect to noise, dust, fire hazard, fumes, odors, vibration, smoke, or excessive light.

Section 7: Acknowledgements & Authorizations

- _____ I acknowledge this application is not considered filed and complete until all the required information has been submitted and all required fees have been paid in full, and that the fee is to cover the costs associated with processing this application, and that **it does not assure approval of the request.**

Initial
- _____ I understand no construction in any district shall be begun, enlarged, or extended or any work commenced that will change the present use of any structure or the land without a Zoning Compliance Permit issued by the City.

Initial
- _____ I understand the expiration of the site plan is subject to the provisions of Section 32-231 of the Zoning Ordinance.

Initial
- _____ I understand this application may not cover all required permits. I am responsible for submitting plans and obtaining the required permits from the appropriate County, State, or other Agencies.

Initial
- _____ As the applicant/owner, I authorize on-site inspections of the premises, both in review of the site plan and later to confirm compliance with the Zoning Compliance Permit. I also acknowledge the inspections are a material condition to any approval provided with the Zoning Compliance Permit.

Initial
- _____ I understand that any deviation or violation of the approved site plan, Zoning Compliance Permit, or other conditions on the approval may result in a **STOP WORK NOTICE** issued by the City Planner. Upon service of such notice, the Applicant/Owner or their agent(s) agree to immediately cease work on that portion of the property identified as a violation.

Initial
- _____ If the applicant is not the property owner: I certify the proposed work is authorized by the property owner, and I have been empowered by the owner to make this application as the owner's representative.

Site Plan Requirements

(For development projects \$350,000 or less in value, the Zoning Officer may accept a site plan with only data listed in 32-222 (listed at the end of this checklist)

	Basic Map Information	Yes	No	N/A	Comments
1	NUMBER OF COPIES: 3 copies submitted to the Zoning Administrator for staff site plan review, then 12 copies submitted for Planning Commission review.				
2	CONTACT INFORMATION: Name and address of the property owner(s), developer(s), and designer(s) and their interest in said properties.				
3	LEGAL DESCRIPTION: The parcel's legal description.				
4	MAP REQUIREMENTS: The date, a north arrow, the scale, and name of the individual or firm responsible for preparing said plan. The scale must be at least one (1) inch = forty (40) feet for parcels under three (3) acres and at least one (1) inch = one hundred (100) feet for parcels of three (3) acres or more.				

5	BOUNDARY LINES: The boundary lines and dimension of the property. Show relationship of the subject property to abutting properties. A certified survey of the property which has been prepared and sealed by a professional licensed surveyor may be required by the Zoning Officer.				
6	ZONING CLASSIFICATION: The existing zoning district in which the site is located and the zoning of adjacent parcels.				
	Natural Features & Topography	Yes	No	N/A	Comments
7	NATURAL FEATURES: Boundary dimensions of natural features such as existing trees and vegetation, forests, water bodies, wetlands, floodplains, high risk erosion areas, slopes over ten (10) percent, drainage, and other similar features.				
8	TOPOGRAPHY: The topography of the existing and finished site shall be shown by contours or spot elevations. Where the existing slope on any part of the site is ten percent (10%) or greater, contours shall be shown at height intervals of two (2) feet or less.				
	Structures & Development Features	Yes	No	N/A	Comments
9	LOCATION OF STRUCTURES AND ACCESSORY FEATURES: The location, dimension, and height of all existing structures and all proposed uses or structures on the site, including principal building(s), accessory structures, trash receptacles, walkways, signs, exterior lighting, common use areas, recreational areas and facilities, and any impervious surface. Indicate gross building areas.				
10	LOCATION OF VEHICULAR FEATURES: Location of proposed drives, neighboring drives, vehicle entrances and loading points, vehicular circulation features, size and number of parking spaces, service lanes (show the dimensions of a typical parking stall and parking lot), and loading and unloading areas.				
11	ELEVATIONS: Drawings or sketches of the exterior and elevations and/or perspective drawings of the building or structures under consideration. Indicate number of stories.				
12	TYPE OF SURFACE: Types of surfacing such as paving, turfing, or gravel to be used at the various locations.				
13	SETBACKS: Setback lines and distances between structures and lot lines.				
14	AREA OF DEVELOPMENT: Indicate the gross land area of the development and area of the property subject to be covered by structures (not available as open space).				
15	RIGHTS-OF-WAY, EASEMENTS, AND PUBLIC SPACES: The location and width of all abutting rights-of-way, easements, and public open spaces within or bordering the subject project.				
16	UTILITIES: Size and location of proposed sewer and water lines and connections. Location of all other utilities on the site.				
17	NEARBY STRUCTURES: The location and identification of all existing structures, lighting, signs, ingress drives, roads, and parking within a two hundred (200) foot radius of the site, including road names.				

18	ADJACENT FRONT YARD DIMENSIONS: The front yard dimensions of the nearest building on both sides of the proposed structure.				
19	LANDSCAPING, FENCES, AND WALLS: Location and height of all walls, fences, and screen planting, including a general plan for the landscaping of the development and the method by which landscaping is to be accomplished and be maintained. (Plant materials shall be chosen and installed in accordance with §32-42 of the Zoning Ordinance.)				
20	OUTDOOR STORAGE: Description and location of any existing or proposed outdoor storage facilities (above ground and below ground storage).				
21	SNOW STORAGE: The location of snow storage areas.				
	Drainage, Stormwater, Wastewater & Wells	Yes	No	N/A	Comments
22	DRAINAGE: The location, size, and slope of all surface and subsurface drainage facilities.				
23	FLOOR DRAINS: Location and status of any floor drains in structures on the site. The point of discharge for all drains and pipes shall be specified on the site plan.				
24	WASTEWATER TREATMENT: Description and location of on-site wastewater treatment and disposal systems.				
25	WELL LOCATION: Location of existing private drinking water wells, monitoring wells, test wells, irrigation wells, or wells used for industrial processes.				
26	STORMWATER RUNOFF PLAN: A stormwater runoff control plan in accordance with the requirements of §32-38.				
27	DOCUMENTATION OF COMPLIANCE WITH SOIL EROSION AND STORMWATER STANDARDS: All site plans shall comply with the terms of the Presque Isle County Soil Erosion and Sedimentation Control Standards and Rogers City Stormwater Management Requirements of §32-38. It shall be the applicant's responsibility to provide documentation of compliance with these standards.				
	Other	Yes	No	N/A	Comments
28	HOURS OF OPERATION: Anticipated hours of operation for the proposed use. The Planning Commission may impose reasonable limits to hours of operation as a condition of site plan approval when warranted to assure compatibility with surrounding land uses.				
29	RESIDENTIAL PROJECT REQUIREMENTS: Site plans for residential projects (multiple-family developments and manufactured home parks) shall include the following additional information: 1. Minimum floor area of dwelling units. 2. Total number of units proposed. 3. Number of bedrooms per unit in multiple family developments. 4. Areas to be used for open space and recreation.				
30	PHASED CONSTRUCTION: Where phases or staged construction is contemplated for the development of a project, the site plan submitted must show the interrelationship of the proposed project to the future stages, including the following:				

	<ol style="list-style-type: none"> 1. Relationship and identification of future structures. 2. Pedestrian and vehicular circulation. 3. Time schedule for completion of the various phases of the proposed construction. 4. Temporary facilities or construction of same as required to facilitate the stated development. 				
31	<p>IMPACT STATEMENT: Staff may require a statement which addresses the following as applicable to the type of use:</p> <ol style="list-style-type: none"> 1. A complete description of the proposed development including: areas of the site, the number of lots or units, and the number and characteristics of the population impact such as density, as it relates to elderly persons, school children, tourists, family size, income, and related information as applicable. 2. Expected demands on community services and how these services are to be provided, to specifically include: school classroom needs, volume of water consumption related to ground water reserves, change in traffic volume on adjacent streets, and other factors that may apply to the particular development. 3. Statements relative to the impact of the proposed development on soil erosion, drainage patterns, shoreline protection, wildlife habitat, air pollution, water pollution (ground and surface), noise pollution, and the aesthetics and scale of development in terms of the surrounding environment. Statement of the impact of the development with respect to noise, dust, fire hazard, fumes, odors, vibration, smoke, or excessive light. 				
32	<p>OTHER: Information as may be required by the Zoning Officer or Planning Commission to assist in the consideration of the proposed development.</p>				

See Plot Plan requirements on next page

Plot Plan Requirements

(For development projects \$350,000 or less in value, the Zoning Officer **may** accept a site plan with only data listed below)

3 copies shall be submitted to the Zoning Officer for staff site plan review (if Planning Commission review is requested by Zoning Officer, then applicant shall submit 12 copies after staff site plan review).

		Yes	No	N/A	Comments
1	Legal description of the property.				
2	Name and address of the property owner(s), developer(s), and designer(s) and their interest in said properties.				
3	The shape, location, and dimensions of the lot and property lines, drawn to scale. The scale shall be of such size as deemed adequate by the Zoning Officer to make a judgment that the application meets the requirements of this Ordinance. When deemed necessary by the Zoning Officer, a survey may be required.				
4	The scale, north arrow, and date.				
5	Location of required setbacks of the zoning district.				
6	The location, shape, dimensions, and height of all structures or impervious surfaces to be erected, altered, or moved onto the lot and of any building or other structure already on the lot, drawn to scale. In addition, an elevation drawing of the proposed building(s) may be required by the Zoning Officer in order to measure the height of the proposed structures.				
7	The location and configuration of the lot access and driveway, drawn to scale.				
8	The location and width of all abutting rights-of-way, easements, and public open spaces within or bordering the subject project.				
9	The existing and intended use of the lot and of all such structures upon it, including, in residential areas, the number of dwelling units the building is intended to accommodate.				
10	Natural features such as forests, water bodies, wetlands, high risk erosion areas, slopes over 10%, drainage, and other similar features, if determined by the Zoning Officer to be applicable.				
11	Other information concerning the lot or adjoining lots that may be essential for determining whether the provisions of this Ordinance are being observed, as deemed necessary by the Zoning Officer.				

SITE PLAN REVIEW

SITE PLAN REVIEW PROCESS CHART

TIMELINE

OPTIONAL PRE-APPLICATION CONFERENCE!
 PRIOR TO STEP 1, APPLICANT MAY MEET WITH THE ZONING ADMINISTRATOR TO DISCUSS HURDLES AND TO HELP ENSURE ALL APPLICATION MATERIALS ARE TURNED IN ON TIME (SEE CHECKLIST ONLINE)

Timeline is a guide and is subject to change

1 APPLICANT
 PROVIDES ZONING ADMINISTRATOR APPLICATION, FEE & 3 COPIES OF SITE PLAN
 THE ZONING OFFICER MAY ACCEPT A PLOT PLAN FOR PROJECTS \$350,000 OR LESS IN VALUE

OPTIONAL
 30-45 DAYS PRIOR TO PLANNING COMMISSION MEETING

2 ZONING ADMINISTRATOR
 REVIEWS APPLICATION FOR COMPLETENESS

WITHIN 5 DAYS OF APPLICATION SUBMITTAL

3 JOINT SITE PLAN REVIEW
 REVIEWS OCCUR WITHIN CITY DEPARTMENTS AND OTHER AGENCIES
 PUBLIC SAFETY, FIRE, POLICE, PLANNING, SOIL EROSION, BUILDING, TRANSPORTATION

WITHIN 15 DAYS OF APPLICATION SUBMITTAL

PROJECTS OVER \$350,000 SHALL BE REVIEWED BY PLANNING COMMISSION

PROJECTS \$350,000 OR LESS IN VALUE - SITE PLAN MAY BE APPROVED BY STAFF HOWEVER STAFF MAY REQUEST APPROVAL BY PLANNING COMMISSION

4 ZONING ADMINISTRATOR
 ZONING ADMINISTRATOR COMMUNICATION WITH APPLICANT. APPLICANT SUBMITS 12 COPIES OF SITE PLAN FOR PLANNING COMMISSION REVIEW

15-30 DAYS PRIOR TO PLANNING COMMISSION MEETING

5 PLANNING COMMISSION REVIEW
 PLANNING COMMISSION REVIEWS SITE PLAN

WITHIN 30-45 DAYS OF APPLICATION SUBMITTAL

6 PLANNING COMMISSION DECISION
 PLANNING COMMISSION DECIDES UPON SITE PLAN
 ZONING PERMIT IS ISSUED UPON APPROVAL OF SITE PLAN.
 ZONING PERMIT EXPIRES UNLESS CONSTRUCTION HAS BEGUN WITHIN ONE YEAR OF APPROVAL.

WITHIN 60 DAYS OF SITE PLAN REVIEW

This flowchart provides an overview of the site plan review process, for complete details please see Zoning Ordinance Article 20.
